The Eastwood Academy

Believe, Succeed, Together

20th April 2020

Re: Online Classroom – Oak National Academy

Dear Parent,

From Monday 20th April, a national online academy - Oak National Academy - backed by government grant funding, will be providing a comprehensive 'virtual curriculum' for schools - Online Classroom.

The online academy will provide 180 video lessons each week across a broad range of subjects. Each lesson is one hour with elements such as a quiz, video explanation from a teacher and a worksheet.

Your child is free to use any of the online lessons to assist their understanding and completion of work on the Google Drive. Moving forward, teaching staff will also signpost links to relevant online lessons when producing resources and support material.

Yours sincerely,

Mr. N. Houchen
Principal
