## Grading

Believe, Succeed, Together

- KS3 National Curriculum levels have now been scrapped, leaving schools to decide their own grading systems.
- At KS4, alphabetical grades (A\* G) are being replaced with a numerical scale (9 – 1).

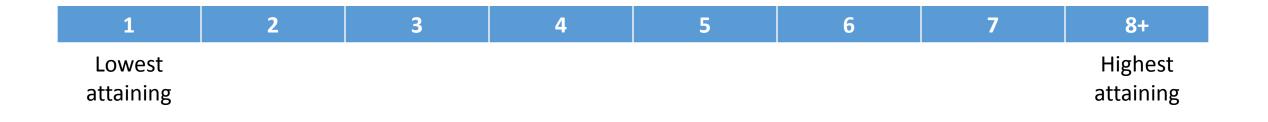

## Grading

Believe, Succeed, Together

• In response to these changes, KS3 pupils' assessed pieces of work are now graded numerically, on the following scale:

#### Assessment – Indicative Competencies

- Each subject has a set of agreed 'Areas of Competency', reflecting the knowledge and skills necessary for success.
- For each grade, a set of Indicative Competencies outline expectations of a pupil working at that grade.

# E.g. English

Areas of Competency:

- Technical accuracy
- Language craft (clarity, purpose, effect)
- Comprehension
- Analysis
- Contextual understanding (from grade 2)

#### At grade 5:

- Believe, Succeed, Together
- Is generally accurate in spelling, punctuation and grammar
- Uses appropriate language, form and structure to provide clarity, purpose and effect.
- Responds to comprehension with clear explanations.
- Evidences understanding of relationships between texts, with clearly explained responses linked to text and question.
- Demonstrates an emerging understanding of how contextual factors inform writer and reader.

### Reporting to Parents

- Reports are sent to parents in advance of your child's consultation evening.
- Performance from across the year are used to inform the grades outlined in this report.
  - Class work
  - Homework
  - Assessments/Tests
  - Responses in lessons

#### Report Grades

#### Forecast Grades

• These grades are externally produced by DfE, based on KS2 attainment in key curriculum areas

#### **Current Grade**

The grade your child could expect to achieve *at the end of Year 8*, based on a combination of their <u>current performance</u> and a <u>prediction</u> of their achievement over time

#### **Commitment to Learning**

• Based on a teacher's judgement of your child's behaviour and engagement in a subject

### Commitment to Learning

- **O** = outstanding
- **G** = good
- **R** = requires improvement
- I = inadequate

#### Glossary

#### Forecast Grade

The grade that is forecast to achieve at the end of Year 11 based on national benchmark data provided by the Fischer Family Trust (FFT). Ben's progress will be measured against this grade.

#### Current Grade

The grade that could expect to achieve at the end of year 8, based on a combination of his current performance and a prediction of his achievement over time.

Reformed GCSEs will be assessed on a scale of 9-1, with 9 being the top grade. At this stage, a grade 4 would be broadly equivalent to a C grade although it is anticipated that the DfF will eventually classify a grade 5 as a 'good' GCSE grade.

#### Progress

| Exceeding | The pupil's Current Grade is above their Forecast Grade. |  |  |  |  |  |
|-----------|--|--|--|--|--|--|
| Expected  | The pupil's Current Grade matches their Forecast Grade.  |  |  |  |  |  |
| Emerging  | The pupil's Current Grade is below their Forecast Grade. |  |  |  |  |  |

#### Commitment to Learning (CtL) Grade

O = Outstanding, G = Good, R = Requires Improvement, I = Inadequate

The Commitment to Learning grade criteria are detailed in the Pupil Planner.
