Re: Parents' Evenings

Dear Parent,

Following the disruption in recent years, parents' evenings have largely been undertaken via SchoolCloud.

In October, we reverted back to a face-face evening for Year 7 parents and we are currently looking at the options of whether this should be extended to all parents' evenings or we continue with SchoolCloud.

Clearly, there are pros and cons with both and only one part of the way in which the Academy engages with parents, however, to gauge your preference at this stage, could you please complete the brief survey below.
