1.0 Due Diligence Overview

1.1 Definition

Due diligence describes the activities undertaken in preparation for a school joining the Trust.

There are two key purposes to undertaking due diligence:

- Obtain sufficient information about the school joining the Trust in order to decide whether the transfer should go ahead.
- Any information revealed can be used to provide a better negotiating position in respect of the terms of the transfer.

1.2 Aims

The aim of this policy is to ensure that:

- Everyone understands why the due diligence process is needed and what checks are required.
- The Trust understands exactly what it is acquiring, what the extent of the school improvement task is, that the transferor has the legal right to transfer such assets and the full extent of such liabilities for which the Trust will become responsible.
- The Trust obtains sufficient information through the due diligence exercise, which is appropriately recorded and assessed, thus ensuring that the Board of Trustees can make a fully informed decision on whether the transfer should proceed and that the terms of the transfer are appropriate.

1.3. Legal Framework

This Policy takes its legal framework from the following legislation and statutory guidance:

- Companies Act 2006.
- The EFA Academies Financial Handbook.
- The Articles of Association of the Eastwood Park Academy Trust (EPAT).

2.0 Due Diligence Process

2.1. Due Diligence Areas

The following are the due diligence areas that should be covered, which have been formulated into a Due Diligence Checklist in Appendix A.

- Performance.
- Leadership and Governance.
- Human Resources.
- Finance.
- Legal.

2.2. Decision-Making Process

Once the Board of Trustees have provisionally agreed to the school joining the Trust, an instruction is to be given to the CEO to undertake and complete the Due Diligence checklist in Appendix A. A report is compiled by the CEO and taken, in the first instance, to the Finance and Audit Committee for discussion and review. The report will include:

- Due Diligence Checklist.
- Summary of key findings.
- Impact it will have on the other schools within the Trust.
- Whether the school can be aligned to the Trust's ethos, vision and values.
- Impact on the Trust's governance structure.
- Benefits to the Trust.
- Risks and concerns.

The report is then assessed and a conclusion is formulated by the Audit Committee, which is then taken to the Board of Trustees for a final decision.

2.3. Confidentiality

Members, Trustees, Academy Committee representatives or senior employees cannot use information obtained from the Trust, or from the due diligence process, for their own benefit or that of another organisation, if it has been obtained in confidence or has special value such as commercial sensitivity.
